WHAT'S ON OPEN DAY 2018

CIT's Open Day is an ideal opportunity for prospective students, their parents and Guidance Counsellors, to sample the enormous range of courses and facilities on offer. CIT offers 75 CAO course options for 2019 which are featured on the back cover of this Open Day Brochure. Throughout our Open Day, we will be holding an extensive range of activities that will be particularly beneficial to students selecting higher education courses and planning their future careers. The main features of the Open Day will be a Careers Exhibition in the Student Centre and a series of information sessions, workshops, demonstrations, exhibitions of student work and laboratory visits that will take place in numerous departments throughout the various campuses (please find schedule in this Open Day brochure). Students will have the opportunity of meeting with lecturers and students who will answer queries, and current students will be on hand to recount their own personal experiences and offer advice. There will be an opportunity to see the extensive facilities available in CIT including extra-curricular activities. Organised tours will also be available in order to allow students to get a feel for the CIT campuses.

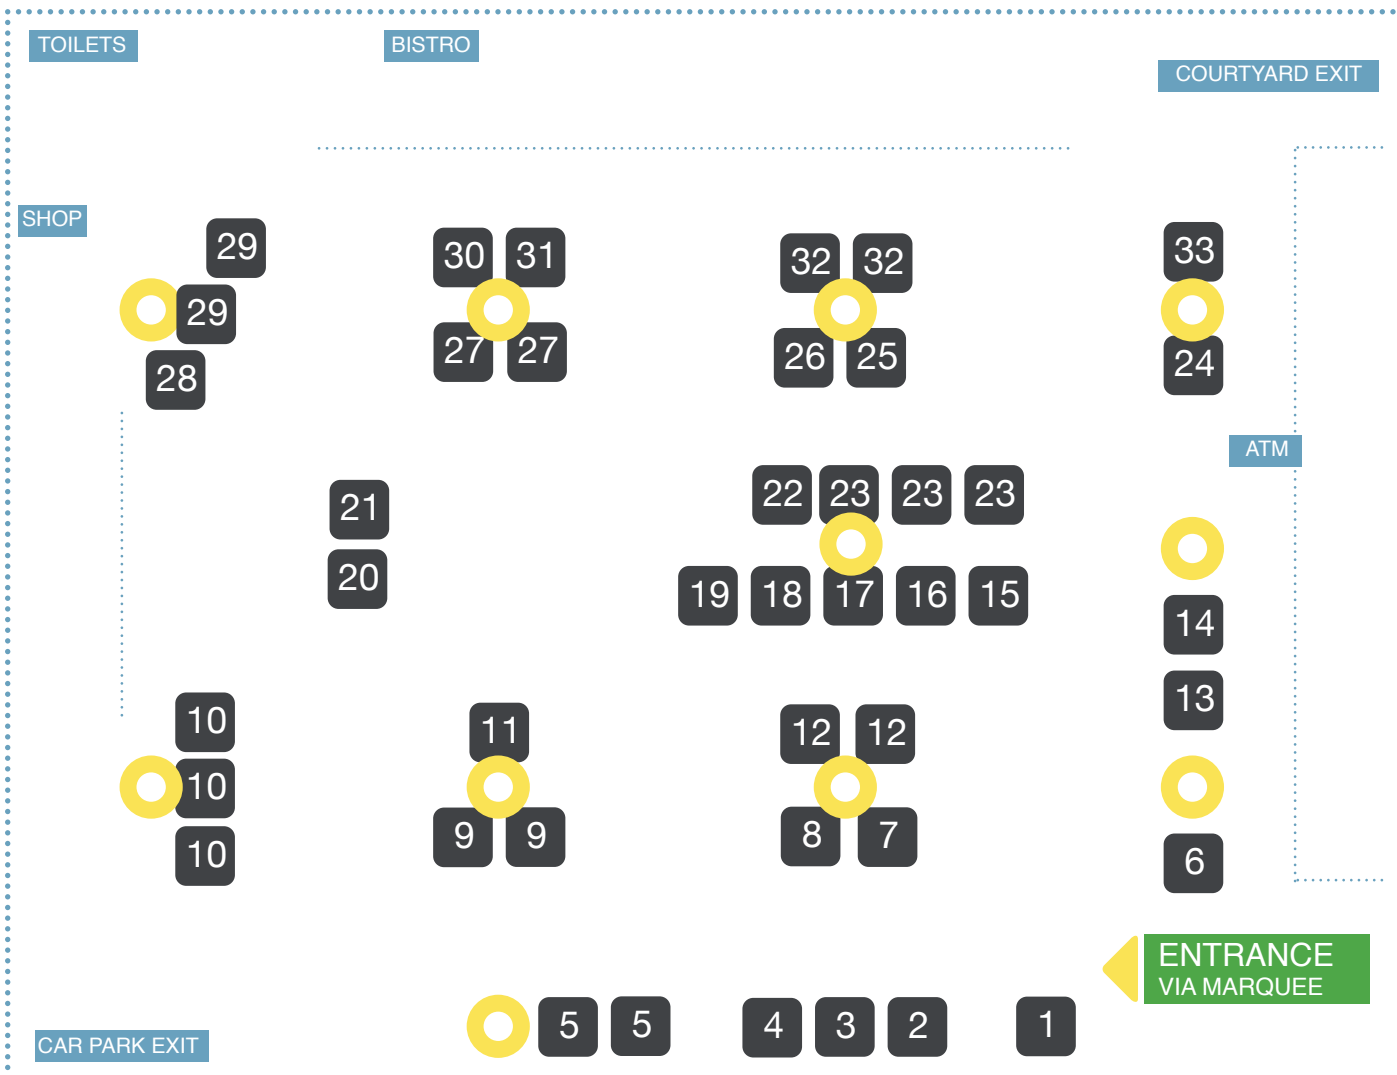

ENJOY YOUR DAY!
CIT Marketing Unit.

CAMPUS LIFE

FACILITIES / SPORTS & SOCIETIES

CIT Sports Scholarships

CIT Musical Society

SPORTS

<http://www.mycit.ie/sports>

CIT Sports Facilities are among the finest in Ireland. These include an impressive 1,200 seater multipurpose stadium, sports hall, fully equipped gym and weights room, playing pitches, tennis court, international standard athletics track, a floodlight full size astro turf pitch which can be divided into four 5-a-side pitches and a walking/jogging track that encompasses the campus.

There is a vast range of sports clubs, ranging from Martial Arts and Watersports to Indoor Sports and Field Sports... you name it, CIT has it! Sports Day takes place in September in the Nexus Hall, when each club showcases its activities and recruits new members.

CIT's excellently prepared sports grounds and facilities played host to numerous competitions throughout the year including schools' and intercounty matches across various codes, International Cork City Sports Athletics Meet, GOAL Mile, Cork Primary School Sports and Special Olympic Munster competitions. CIT provides training facilities for a number of teams including the Cork GAA teams from Juvenile to Senior levels, Cork City Soccer and Munster Rugby Academy.

As well as catering for the competitive athlete, CIT's Sports Clubs places a big emphasis on participation and fun and this is reflected in the growing numbers who take part. The Sports Office organise and coordinates a number of physical activity classes and health initiatives such as a Student & Staff Fun Run/Walk, HIIT, Circuit Training, Indoor Cycling, Pilates, and Yoga.

SOCIETIES

<http://societies.cit.ie>

Education means more than just academic learning. The diversity of CIT Societies means that practically every taste is catered for. During the academic year 2017/2018, there were 42 Societies in operation in CIT.

Grab the opportunity to experience something new or pursue an interest you have always wanted to explore. Why not get involved in the Anime & Manga Society, Music Society or Zen Meditation Society or get to know your class by getting involved in a course related Society. Course related Societies cater for students from all disciplines in CIT providing an opportunity for social course outings to various activities including karting, paintball, bowling, ice skating, and many more.

Societies in CIT are some of the best Societies in Ireland frequently winning at the Board of Irish College National Societies Awards. Students who are at the heart of running CIT Societies have achieved the honour of winning both National 'Society of the Year', 'Most Improved Society', 'Best Event' as well as 'Individual Awards'.

Societies Day in September is your first opportunity to check out and sign up to a society. The purpose of the day is to encourage participation in Societies and to raise awareness of the huge variety of Societies available for you in CIT.
